

ENTERPRISE
SERVICES

Enterprise Solutions & Management Corporation was awarded a task order for the Controlled Unclassified Information (CUI) Program and Configuration Control Implementation Support. The hybrid firm fixed price/labor-hour task order includes a base performance period plus six one-year options with a total value of \$3,110,652.00.

This task order provides the services needed to develop, implement, and sustain the DOC-wide CUI program to include development of policy, procedures, implementation plans, and appropriate training tools to protect the sensitive information developed or entrusted to the Department. This task order also provides the services needed to develop, implement, and sustain configuration control/management of the information system owned and operated by the Office of the Secretary (OS) Office of the Chief Information Officer (OCIO). The scope of this acquisition includes controlled unclassified information implementation support and OS OCIO change control implementation support.
