# **Learning Objectives**

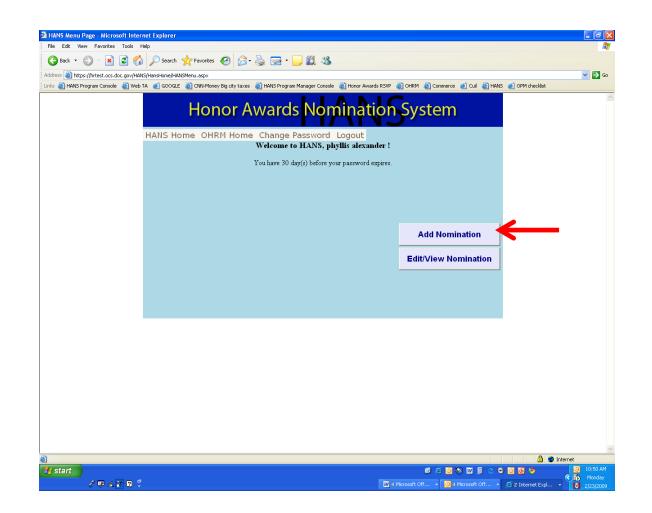

There are three learning objectives in this module. You will learn how to:

- Access the Honor Award Nomination System (HANS)
- Add an honor award nomination for an individual, group or organization
- View or edit previously entered honor award nominations

To access HANS (<u>https://hr.eas.commerce.gov/HANS/Login/HansLogin.aspx</u>) enter your User Name (DOC e-mail address) and Password. Your initial password is obtained from your HANS Bureau Administrator.

If you forget your password, select "<u>Recover Password</u>" to obtain a new password.

#### **Group Nomination Form**

Once you enter the nominee information for the first member of the group, it will be displayed on the top of the nomination form. To edit that nominee's information, select "Edit".

By default the first person entered is recorded as the head of the group. That designation means the group will be referred (in this example) as the "Benes Group" and that person will be listed first in all award publications.

A group consists of a minimum of 2 and a maximum of 10 nominees. To add nominees, select the "Add Nominee" button.

NOTE: You must add nominee information for all members of the group, but enter the nomination information only once.

NOTE: An employee may only be nominated once either as an individual nominee or as a member of a group. HANS will flag any duplicate nominees. In this case, the nominator should contact the HANS Bureau Administrator to discuss the situation.

# **Award Justification Form**

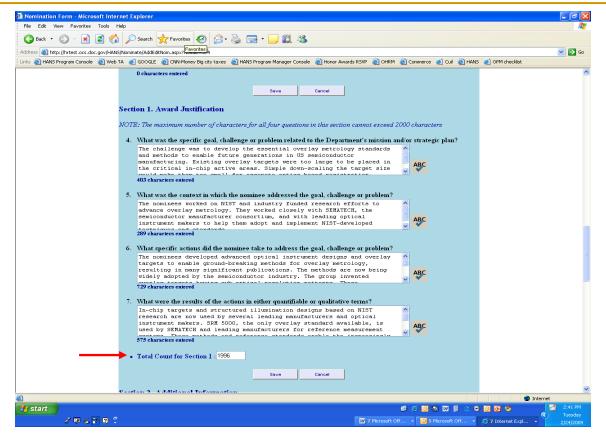

The next step for all types of nominations is to select the "medal type" and "category of award" from the drop down menus.

There are character limitations for each of the responses in the awards justification section. A key feature of HANS is a simultaneous character count. As you type, the number of characters used is displayed in real time.

Another feature of HANS is the ability to "spell check" each response by clicking on the spell check icon located at the bottom right of each text box. Any spelling errors will result in a pop-up with suggestions.

In Section 1, you must answer four questions (Numbers 4-7) and cannot exceed a total of 2000 characters for all <u>four</u> questions. To assist you in tracking the total character counts for this section, there is a text box at the bottom of the section entitled "Total Count for Section 1."

**NOTE:** If you cut and paste information into a text box, the character total will not immediately appear beneath that box. You need to use your mouse to click in the text box or click elsewhere on the form for the character count to appear. If you type directly into the text box, the characters will record in real time.
